

## Results of a Readable English Intervention at Maple Crest STEM Middle School

In 2018, students from Grades 7 and 8 in reading resource groups were taught Readable English. Below are the students' results, according to the i-Ready tests administered by the school. Students were assessed in August 2018, and again in December 2018.

### Grade 7 Results

**Typical Growth Target.** (Typical Growth is the annual growth for a student at a particular grade and placement level.)

69% of students (11/16) had already achieved their annual growth target within 3.5 months. On average, students had exceeded their annual growth target by 120%.

**Stretch Growth Target.** (Stretch Growth is an ambitious but attainable level of annual growth which puts below-grade level students on a path towards proficiency.)

38% of students (6/16) had already achieved their annual stretch growth target within 3.5 months. On average, students had achieved 74% of their annual stretch growth target.

### Grade 8 Results

#### **Typical Growth Target**

48% of students (10/21) had already achieved their annual growth target within 3.5 months. On average, students had exceeded their annual growth target by 42%.

#### **Stretch Growth Target**

29% of students (6/21) had already achieved their annual stretch growth target within 3.5 months. On average, students had achieved 51% of their annual stretch growth target.
